Description

<p><iframe title="YouTube video player" src="https://www.youtube.com/embed/g0OP14K3gkg?si=TCZdpdNRoEKCqLLM" width="560" height="315" frameborder="0" allow="accelerometer; autoplay; clipboard-write; encrypted-media; gyroscope; picture-in-picture; web-share" allowfullscreen="allowfullscreen"></iframe></p>

<p>IRE13 - 8.8KW Power 885 KG Load 1000mm Max Width 2024 Manf Model S/N - A2406024842 SPECS PER MANF - The IRE13 mini excavator is equipped with a Runtong R420 engine, which meets EPA emission standards and has a rated power of 8.8kw. It is powerful and fuel-efficient. The width of the machine is 1 meter and the digging depth is 1.7 meters. It is suitable for small working conditions, such as agriculture, forestry, orchards, etc. It can greatly replace manual labor and improve work efficiency. If you are a farmer, the excavator will be your good helper; if you are a builder, the excavator will be your right-hand man. No matter what industry you are in, IRE13 can provide comprehensive support for your work. IRE13 adopts mechanical hydraulic operation, which is flexible and easy to master. Even beginners can easily get started. It has a sturdy and durable structural design to ensure stability and safety when working

under heavy loads. At the same time, it has dozens of accessories to choose from, such as breakers, ripper, augers, etc., which truly realizes multiple uses of one machine.</p>

Quantity: 1
