**LOT 322 - Cat Water Fountain, 3L Smart Wireless, No Filter**

### Description

Brand: HAPAW Condition: Open Box - Not Tested In Packaging?: Yes Assembly Required?: No Damaged?: No Functional?: Yes Missing Parts?: No Model: P002 Star Rating: 0.0 Title: \$100 Cat Water Fountain, 3L Smart Wireless, No Filter Wastewater Separation Design, No Filters -- Our cat water fountain features an innovative clean & wastewater separation system, including a 101oz/3L clean water tank and a 46oz/ 1.35L wastewater tank. This design prevents sewage water circulation, ensuring your pet always has fresh, healthy water. Best of all, the HAPAW cat fountain operates without filters, eliminating the need to purchase or replace costly filters, saving you money long-term. App Remote Control & Notifications -- The pet water fountain lets you monitor water levels in both tanks remotely via app. Customize drainage schedules or trigger manual drainage, set up personalized scenarios, and receive

instant alerts, so you'll always know your pet's water supply is secure when you're away. Note: App features require power connection and aren't available on battery mode. 5000mAh Battery Powered & Plug-In -- Our water fountains for cats indoor offering both plug-in and battery power options, the cat water dispenser is equipped with a built-in 5000mAh rechargeable battery, 20+ days on Mode 2, automatic power switching during outages, ensuring your pet always has access to fresh water, no matter the situation. Supremely Silent -- Our cat fountains for drinking operates at a mere 20dB - quieter than a whisper, creating a serene drinking experience for your pet, the advanced water flow technology ensures silent operation day and night, making it perfect for bedroom use or homes with easily-startled pets, let your pets enjoy fresh water without any distractions! Dual Flow Mode & Easy to Clean -- Our stainless steel cat water fountain offers dual water modes, featuring an advanced sensor, when your cat approaches, our pet water fountain will deliver water flow, Alternatively, you can switch modes for a continuous water flow. Cleaning is a breeze, simply rinse the detachable water tanks, drinking bowl and stainless steel tray, then wipe the main unit with a soft cloth. Note: The main unit is not washable. Tips -- Our cat water fountain doesn't require a traditional water filter because clean water and wastewater are already separated into different tanks. The panel and black sponge in the water tray are not for filtering water quality but rather for trapping pet hair and food residue to prevent clogging in the water circulation system. The black sponge is durable and reusable, requiring only periodic cleaning rather than regular replacement. Additionally, our packaging includes 4 extra black sponges to prevent any damage.
