Verify local cable railing codes before purchasing. This 42" post is suitable for both commercial and residential projects. Our "One-Stop-Railing" solution simplifies the process by providing all essential components and cost-saving benefits. Package Includes: 3 Level Posts with 151ft of cable. Other options: 5 Level Posts Kits (250ft cable), 4 Level Posts Kits (197ft cable), 3 Stair Posts Kits (151ft cable), 2 Level/Stair Posts Kits (102ft cable), and 1 Level/Corner/Stair Post (24 grommets). Cables allow a maximum post spacing of 4ft (1.2m) and connect adjacent posts. Each kit comes with 12 terminal fittings and each post has 24 grommets. How to choose: Choose as if stacking blocks. Maximum cable run 20ft/ 6m, maximum post distance 4ft/1.2m. We offer various combination programs catering to diverse home improvement options. To get started, measure the length of your installation site and purchase the corresponding assembly kit. In Figure 4, you can refer to different forms

of installation collocation that we have available for you. Premium Material: The cable railing posts consist of black powder-coated T304, while the widely used 1/8" silver railing cables and terminals are constructed from T316 marine-grade steel. (The terminals are a truly tight terminal kit that emphasizes safety). The cable washers are crafted from high-quality rubber and boast exceptional waterproofing capabilities. Related Options: Depending on the project situation, you may need our different items to match and build a complete framework. We offer post sizes of 36" and 42" which have whole sets (with accessories) and single posts, with adjustable or fixed tops. There are also stainless steel handrails of different lengths available. Visit our store for more information. Consider selecting SKUs with the highest quantity for better cost performance.
