Its innovative bagless design eliminates ongoing dustbag costs, saving you money while reducing plastic waste. Prefer traditional disposal? Simply purchase our sealed dustbags (sold separately) for odor-free convenience. LiDAR Navigation & Multi-Floor Mapping With advanced 360 LiDAR navigation, Lefant M2 Pro quickly scans and accurately maps your home for efficient cleaning, automatically creating multi-level maps, and intelligently planning cleaning routes to minimize unnecessary repetition or missed spots. Precision Detection & Avoidance & Pet-Friendly Design The Lefant laser robot vacuum cleaner features nine triangulation distance sensors and a 190 wide detection angle, powered by advanced PSD technology. It accurately detects and avoids objects as close as 1.6 inches away, ensuring better collision prevention and maintaining cleanliness, even in

the dark. Designed specifically for pet owners, the M2 Pro effectively removes pet hair and prevents getting stuck, making it the ideal solution for a hassle-free, thorough clean. Customized Cleaning Options With the Lefant APP, the M2 Pro offers personalized cleaning options to suit your needs: Cleaning Customization: Set cleaning modes and frequencies for each room. Selective Area Cleaning: Choose specific rooms or zones to clean. Zone Editing: Split or merge rooms for personalized cleaning schedules. Enjoy a smarter, more flexible cleaning experience with total control at your fingertips. 2-in-1 Vacuuming and Mopping Lefant robot vacuum and mop combo equipped with 5500 Pa strong suction and 300ml water tank helps you save time and space, providing a thorough cleaning experience without the need for multiple devices. With 3-level adjustable water flow for each room via the app, it adapts to different floor types and dirt levels, ensuring a deep, hassle-free clean. Perfect for those looking to simplify their cleaning routine while achieving spotless floors effortlessly. Carpet Detection & Auto Boost The M2 Pro robotic vacuum features advanced carpet detection, allowing it to expertly avoid carpets when the mop holder is attached, keeping them dry and spotless. When the mop holder is removed, it automatically boosts suction to maximum for a deep, efficient clean. This effortless transition ensures comprehensive cleaning across all surfaces, making the M2 Pro the perfect choice for homes with diverse flooring. Long-Lasting 3200mAh Battery Powered by a 3200mAh battery, the M2 Pro supports up to 140 minutes of continuous cleaning on a single charge, making it ideal for large homes. It automatically returns to its charging station when cleaning is complete or the battery is low.
